Interactive Art Installation Coming to the Fashion District!

The LA Fashion District is thrilled to announce the unveiling of *Varenye x LA Fashion District*, an interactive art installation, during Downtown LA Art Walk. We've partnered with Do Art to bring Russian artist collective, Varenye Organism to Downtown LA. Known for creating large-scale "social toys", Varenye challenges the conventional art experience and invites onlookers to view, feel, and play with art in a new way.

In the words of Varenye, "What are we going to do in L.A.? Imagine a sea plant touching you with windy soft tentacles - that's it."

Come play and immerse yourself in the abstract!

Thursday, September 10, 6-10 p.m.
California Market Center (CMC) courtyard, 110 E 9th St.
at the corner of 9th and Main Streets

Following the unveiling, the public is invited to attend an artist reception at Hotel Figueroa, 939 S Figueroa St.

Visit www.fashiondistrict.org/varenye for more info.

The Slanted Door Announced at City Market South

The *LA Times* announced the first tenants for the City Market South project today. San Francisco's Chef Charles Phan will be opening The Slanted Door early next year. The Slanted Door is popular for its modern take on Vietnamese cuisine. Next door Chef Steve Samson will open Rossoblù from Sotto. As per the *LA Times*, "The kitchen will feature a wood-burning oven, grills, a spit roast, hanging pots and other tools Samson needs for his northern Italian menu, which also includes hand-rolled pasta." There will also be a bar by mixologists Pablo Moix and Steve Livigni. Read the full story [here](#).

Fashion District BID Continues to Work with City on Street Vending

LA Fashion District staff, along with staff from the other downtown BIDs, continue to meet with individual council members. Last week, staff met with a police officer representative who sits on the Sidewalk Vending Committee of the CLA's office. We expressed our concerns with the proposed sidewalk vending program. We believe that through the downtown BIDs' efforts, the council people are now considering an "opt-in" approach to vending. Each neighborhood would have to decide to "opt-in" to allow sidewalk vending. However, to be clear, there is no program or proposal on the table right now. We will keep you updated as this process continues and as we actually get some details on the proposal.

Gov. Brown Relaxes State Regulations on "Made in U.S.A." Label

The *LA Business Journal* reports that Gov. Jerry Brown signed a law amendment to the "Made in U.S.A. Law". The amendment allows apparel makers and manufactures to label their goods as "Made in U.S.A." so long as no more than 5 percent of the wholesale value of the product is made overseas. The original code required that all components of the product be manufactured in the states. Read the full story [here](#).

LADWP Announced Commercial Rate Increases

LADWP is proposing a five-year rate action that seeks modest water and power rate increases each year based on four priorities and key principles:

- Replace aging water and power infrastructure
- Transform water and power supplies
- Improve customer service
- Keep rates competitive
